

Dear Tanglewood Golf Course Members,

I hope this letter finds you enjoying the beauty of spring and in great spirits. The season has ushered in the vibrant green hues we all love and admire, and I am pleased to share that Tanglewood is looking more stunning than ever. Our dedicated turf team deserves an abundance of praise for their outstanding work in maintaining and enhancing the grounds. Their efforts are seen in every fairway, every green, and every tee, and it's due to their tireless work that we can take immense pride in our beautiful golf course.

In line with our commitment to continuous improvement, we have begun executing essential repairs and upgrades across the course. One noticeable addition is the beautiful new signage installed at each hole, providing clear layouts for new guests and members alike. We trust this will greatly enhance your navigation and strategic planning as you enjoy your rounds.

Recognizing the issues with our cart paths, we have embarked on temporary repairs to address the long-standing deferred maintenance. These immediate fixes will improve usability in the short term. However, please rest assured that we are also drawing up plans for permanent repairs that will ensure durability and enhanced aesthetics for the paths.

In terms of the greens, they are in excellent shape this year, perhaps the best they have ever been, thanks to the expertise of our turf team. We have also embarked on several new projects aimed at continually improving the quality of our fairways, tees, and greens. I am excited for you to see these improvements firsthand.

One of our most significant transformations has been the opening of the Silver Cup Bourbon Bar and Grille. The evolution of our food and beverage offerings was a top request in the member survey we sent out earlier this year, and I am delighted to say that we listened and delivered. The Silver Cup now offers an expanded range of culinary delights, from casual comfort food like burgers and fries to indulgent premium steak options. Our bar has also stepped up its game with a curated selection of 75 of Kentucky's finest bourbons and a rotating selection of 6 craft beers on draft. It's our honor to provide these enhancements to your dining experience at Tanglewood.

While we initially operated with limited hours during the opening phase, we are actively expanding our team with the goal of extending our service hours. This will allow us to better accommodate the needs and schedules of our valued customers. We appreciate your understanding during this phase and look forward to offering extended hours in the near future. It's our honor to provide these enhancements to your dining experience at Tanglewood.

Alongside the Silver Cup, we have remodeled the members' lounge to become a welcoming and relaxing hangout spot for all members. The space now features an 80-inch TV, comfortable couches, a well-stocked bar, and cozy booths. This lounge is the perfect place for unwinding after a round of golf, catching up with fellow members, or even as a remote work location. Adding to its appeal, we are excited to announce that we will soon introduce a push-button call service in the member's lounge. This

service will allow you to order food and drinks directly to your location at the press of a button. We are continuously striving to make your experience at Tanglewood as effortless and enjoyable as possible.

Adding to our facility enhancements, the barn remodel that began in 2022 is now complete! The barn now boasts an amazing deck with stunning views of Tanglewood and a full-service bar available upon request. This charming venue, coupled with the natural beauty of our golf course, provides a picturesque backdrop for weddings and special events. It is our pleasure to offer such a beautiful venue for your most memorable occasions.

In addition to the physical enhancements, we're also investing in our team. We are currently in the process of hiring a dedicated Event and Marketing Coordinator. This professional will be at your service to plan large events such as weddings, corporate retreats, stay and plays, birthdays and more. They will work directly with our valued members, as well as the general public, ensuring every detail aligns with your vision. This point person will coordinate with our facilities, staffing, and food and beverage teams to guarantee that every event meets the highest Tanglewood standards. We believe this addition to our team will further elevate the Tanglewood experience, and we look forward to introducing you to this new team member in the near future.

Looking ahead, we remain committed to making Tanglewood Golf Course the best it can be for you, our valued members. We will continue to refine and improve our facilities, services, and events, drawing on your feedback and our unwavering commitment to excellence.

Finally, we understand that the true beauty of Tanglewood lies not just in our facilities and the natural surroundings, but in the vibrant community of members that call this place home. We are grateful for your ongoing support and look forward to building an even stronger community together.

Stay tuned for more updates and exciting developments. In the meantime, here's to sunny skies, perfect swings, and memorable times at Tanglewood Golf Course!

Sincerely,

Allen Hayes
